

Dear team managers, coaches and players,

Don't miss the opportunity to have your games filmed at the 7th Annual Northern California Spring Showcase. High Soccer Video is a company dedicated to film soccer games in different parts of the country. We use HD cameras mounted on 30-foot tall tripods to film the games from the best angle and view of the field (as seen on TV). Our commitment to high quality, reliability and excellence in customer service has been the basis of our success.

The purpose of our videos is to be used as a great learning tool, the link below it's a good example:
